Dear Parents/Guardians:

Our district is committed to providing the best education possible for all children. We at Doyline High School echo that sentiment for the children entrusted to us on a daily basis.

Federal legislation that governs education and provides additional funds to our school went into effect December 2, 2015. One of the provisions in the law, **Every Student Succeeds Act**, requires us to inform parents that they have the right to know the qualifications of their child's teacher. We are also required to make parents aware if their child is being taught by a teacher who has not completed but is working toward certification. You are being notified regarding this provision via this letter so that we are in compliance with this requirement of law.

Be assured that our staff is competent, caring, and dedicated. Our mission is to provide a quality education for each child, and we strive to do so daily. Feel free to visit the school. We encourage you to participate in all planned parent activities throughout this school year. We are looking forward to working with you and your child.

Sincerely,

Tina Leal, Principal
