Car Drop-Off & Pick-Up Policy – 2020-2021

Our students' safety is our number one priority. In order for us to have a safe, orderly drop-off and pick-up, please keep in mind the following statements, in addition to following the route map below:

- In the mornings, you must drop your child off in the car line driveway. Do not attempt to use District Dr. for drop off or pick up. You will not be able to enter the driveway from District Dr.
- Students must be picked up in the driveway once all walkers have left campus in the afternoons. No students will be allowed to walk across campus or across the road to get into a car.
- While in the car line, there is absolutely no passing or going around a stopped vehicle or bus unless you are waved around by duty personnel or crossing guards.
- Please refer to the map below and follow only the designated route to drop off/pick up students.
- Cars in the car line must have car line tag displayed for duty personnel to see. If not, you may be asked to park and go inside the building to verify identity and/or permission to pick up.

- Car traffic will enter the campus using the highlighted route.
- **Cars that try to enter from Pershing will be directed enter the car line in the correct manner.**
- Make sure to have your car tag displayed so that the duty teacher can read it.
- **While on Joel St., stay as far to the right as possible so that WPSB buses can get around you in order to get to Talton St.**
