Dear Parents and Guardians:

Our district is seeking permission to use Zoom, a video conferencing tool, with your student(s). If we needed to close a classroom or building due to Covid-19, we would use Zoom as a teaching tool to help students be successful. Our hope is that we do NOT need to utilize this, but we are being proactive!

This permission slip gives permission for your student to be able to video conference with teachers from the Hollister R-V School District. These would be teachers that your student normally interacts with on a daily basis, as well as the administrators from your student's building.

Thank you for filling out [THIS FORM](#) to give us your permission. (Please fill out one time for each child enrolled.) We appreciate your help!

Yours In Education,

Sandy Leech  
Assistant Superintendent of Teaching and Learning  
Hollister R-V School District
