*(This site has all colleges listed in the State of Arkansas and you can go through by school to see what scholarships are offered through that specific school. It also has preview dates and other good information)*

*Some of the websites may charge a fee for their services, some of them are free, most will require the student to set up a profile to filter the scholarship search to fit the student.*

*Search the website of your college of choice to look for “Foundation Scholarships.” These are offered privately through the college. These scholarships are sometimes overlooked by students who don’t realize there is scholarship money available.*
