

Retirement of Support Staff Members

GDPC

Support staff personnel may continue employment with the district beyond the normal retirement year as established under the state retirement plan and the federal social security plan as long as they are in good health and their job performance is maintained at a satisfactory level.

It shall be the policy of the Board to recognize those employees who retire from active service with the district while in the employ of the district. All personnel with twenty (20) or more years of service in the educational field or with the local school district shall be eligible to receive such recognition.

The employee shall be recognized at an official board meeting at which a token of appreciation shall be presented in the form of a plaque, which shall read:

IN RECOGNITION OF

For Service to the Youth
of
