

Student Conduct

JFC

It is the purpose of Crook County schools to prepare young people for life in a complex society, helping them to recognize the responsibilities implied by the privileges of that society. This philosophy is based on the belief that students know what is right and what is wrong. That young people sometimes need guidance to recognize their responsibilities is an educational fact of life. Students should be counseled on aspects of their behavior that are disruptive to themselves and to others.

Each student is responsible for helping to maintain an atmosphere that is appropriate to learning.

All students are expected to comply with printed school regulations, as well as other commonly accepted standards of good behavior and to learn behavior patterns, which will enable them to be responsible, contributing members of society.

Students will be expected to conduct themselves in keeping with their level of maturity, acting with due regard for the supervisory authority vested by the Board in all district employees, the educational purpose underlying all school activities, the widely shared use of school property, the rights and welfare of other students. All employees of the district will be expected to share the responsibility for supervising the behavior of students and for seeing that they abide by the established rules of conduct.
