

PIC Meeting Minutes 11-9-21

4 Present

Playground Improvement: The Parent Involment Committee discussed the 3 layout options that were sketched by Randy Gill. We also review the options given by Randy and Mr. Hartwig, on which options would work best. With no option being the clearly preferred one and all options requiring extra construction cost, the group decided to look at a Portable Gaga Pit once again.

PIC has decided to purchase a portable Gaga Pit that can transition to a permanent Gaga Pit. The Gaga Pit can also be stored outside when not in use. Purchasing this pit will cost less and give the committee time to raise fund to make the Gaga Pit permanent. This Pit can also be moved to multiple locations outside on the existing playground, used inside, and can change size.

The Parent Involment Committee would like to see City of Sundance and the Crook County School District work together on improving the existing City Basketball Courts. With the correct improvements this would expand the play area available to student. Also give the school an additional basketball court for practice, PE, and games. Parents who are interested are asked to take this proposal to the City and the School District.

Teacher Suggested: Teachers suggested bringing either the Black Hills Raptor or the Astronomy Inflatable Planetarium to the school as an educational activity for students. The PIC Committee decided it would like to bring in the Inflatable Planetarium for a school day and for a Purple Fri as well. We are looking into costs and timing hopefully for the month of January.

Spell-A-Thon Rewards- PIC decided on the Rewards for this year's Spell-A-Thon.

The PIC Committee is planning on sending out Spell-A-Thon Packets on **January 31st**. The Committee will put the packets together on **January 25th** as part of our monthly PIC meeting. Teachers would need to have spelling words from teachers by **January 20th**.

Spell-A-Thon Test Day February 25th. Giving students two weeks to collect their pledge, we'd finish on the **March 10th**.

Spell-A-Thon Goals- To raise \$10,000 again this year

Next Meeting: December 7
