CHRIS MITCHELL

Winfield R-IV School District

3 New 77 PASSENGER SCHOOL BUS SPECIFICATIONS

GENERAL REQUIREMENTS

1. Body company distributors will maintain at all times a complete service facility including, but not limited to: repair or replacement parts inventory, factory trained service personal, 800 phone number for toll free calls, facilities in the State of Missouri to perform complete body warranty and/or repair services. Please list your phone number: _____.
2. Bids will include delivery of the completed units to the Winfield School District, in Winfield, Missouri and be completely serviced before delivery. This service will include: complete chassis and complete body inspection. Units will be full of all fluids, completely cleaned inside and outside, all optional equipment installed and working properly. Please include a minimum two buses in your proposal.
3. The equipment proposed must meet or exceed all requirements set forth in the Missouri Minimum Standards for School Buses and Federal Motor Vehicle Safety Standards established by the Federal Department of Transportation and total price of bus must be guaranteed for 90 days.
4. Any and all exceptions to the specifications outlined herein must be noted and thoroughly explained in the bid proposal. The bidder must provide, with any exceptions, detailed specifications so the Board Of Education can make the necessary comparisons to enable a proper decision. **These specifications must be returned with the bid proposal.**
5. The Board Of Education reserves the right to reject any or all bids, to waive any and all technicalities and to award the contract to the best bidder.
