In efforts to enhance student supervision, safety, and customer service at Paris High School home varsity football games, new measures will be implemented. We ask that you review these guidelines with your child prior to the next home game.

Each PISD student will be issued a wrist band upon arrival at the gate. These wrist bands must be worn when students arrive and for the duration of the game. Students will have a choice as to where they sit. They can choose to sit with their parents, or they can sit in the designated student section, which will be located at the south end of the home side bleachers for high school students, or in the home side end zone bleachers for students on other campuses. Students who sit in the student section will enter Wildcat Stadium through the South gate on the home side. Students will not be allowed to roam or loiter during games.

Students sitting with their parents will be allowed to visit the concession/restroom area two times during a game. As a student leaves the stands, a mark will be made on his/her wrist band. After two marks have been made, they will no longer be allowed to leave the stands unless they are leaving the stadium or accompanied by a parent. If your child is sitting with you, please remind them of this, as the same rules will apply to them as those who sit in the designated student section.

If your child is in 7th grade or above, and you're dropping them off at the game, please make sure they are picked up within 30 minutes of the conclusion of the game. After this time, administrators and game workers will be dismissed from their duties for the night. Students not picked up will not be permitted to attend the next home game.

Again, we strive to make football games safe and enjoyable for our students and community, and we believe the above measures are a positive step in that direction. I thank you for helping us make PHS football games safe and fun for all spectators.

Sincerely,

Chris Vaughn
Paris High School Principal
