Agreement and Signatures

The Muscogee (Creek) Nation (MCN) Native Youth Community Project (NYCP) Grant provides College and Career Readiness resources, opportunities, and afterschool programming for Native youth within the MCN tribal jurisdiction, with a narrowed focus to partner with Local Educational Agencies (LEAs): Dewar, Weleetka, and Wetumka. In collaboration with the Academic Development Institute, the NYCP grant will build relationships among students, families, and LEAs addressing issues of low academic student outcomes, isolation from tribal culture, and lack of direct educational services provided by tribal departments and agencies. Best practices correlated with increasing academic achievement, college and career readiness (CCR), cultural enrichment, and the use of goal-setting will be implemented for the success of the program.

By signing below, I agree to participate in the Native Youth Community Project grant at my school. I understand the purpose of participation in the program is to engage in afterschool programming opportunities to improve educational opportunities and achievement for college and career readiness.

I understand participation is voluntary and I will NOT be compensated for involvement outside of programming parameters or for promotional materials created through the program. Information associated with this application may be used for public education and reporting in compliance with FERPA guidelines.
