

Hello Wellston,

It has been a while since my last letter. I trust everyone's Fall Break included some R and R. The first full nine weeks of school is complete. As the year continues, I would encourage you to stay engaged with your child's progress. We have several resources available that can help you throughout the year. Here are a couple:

Wengage is our student information system. It is also where you can find your child(ren)'s grades if they are currently 3rd-12th grade students. This link is on the front page of our school website. Questions regarding login information can be sent to Dawn at dyates@wellstonschools.org.

The Oklahoma School Testing Program measures student performance in reading, math and science across grade levels 3-8 and again in grade 11. Student data is now available in the Parent Portal <https://okparentportal.emetric.net/login>. All parent portal accounts were reset for Spring 2021. Therefore, families that did not register with their student's STN by June 30, 2021, will need to register to access their child's results. STN numbers are labeled as **State Pr ID** and are located inside the **ID Info box** in your child's Wengage account. If your student did not take any Oklahoma state assessments last year, they will not have any data. If you have trouble logging into your account, please call the Oklahoma State Department of Education Office of Assessment at (405) 521-3341.

Dawn Yates...she is one important Wellston Tiger! She helps in the HS front office. She serves as the district treasurer. She schedules substitutes at the MS/HS. She covers classes. She helps with accreditation. Get the idea? The next time you see Dawn, please let her know how much we appreciate her time and efforts!

We still need your help! This is the third letter that is being emailed out through our School Messenger application. If you DID NOT receive this note via email, we need you to email... guess who... Dawn Yates at dyates@wellstonschools.org with the following information so she can add you to our list.

- Parent name
- Child(ren) names and grades
- Preferred email address (if not from sending address)

If you have questions or concerns, please email me. Have a great weekend and Go Tigers!

Mr. Mike Franz
Superintendent
Wellston Schools
