Each Quarantined Email will provide you the option for four different responses:

1. **View:** Allows you to safely review the email
2. **Not Spam:** The email sender is added to your personal white list and their email will no longer appear in the Quarantined Email summary report.
3. **Delete:** The message will be deleted
4. **Block:** The email sender is added to the individual “Blocked List” and you will no longer receive messages from that sender.
