April 6, 2021

Dear QCISD Parents and Staff

Due to some difficulties with TEA's testing platform, students in 4th grade writing at J.K. Hileman Elementary and English I at Queen City High School were unable to complete STAAR testing today.

Pending updates from TEA, the current plan is to test all 4th grade writing students and all freshmen not competing in the Field Event portion of the District Track Meet on Wednesday, April 7th. English II students will be tested on Thursday, April 8th. Freshmen students who participated in the Field Events portion of the District Track Meet will test on Friday, April 8th.

If you have any questions regarding this plan, please contact your campus administrators.

Sincerely,

Darrian Dover
Superintendent of Schools
