

MHS COMMUNITY COUNCIL MEETING MINUTES

August 28th, 2020

Meeting start time was 6:39 AM in the high school office meeting room.

Those in attendance-

Gwen Romero

Shana Croft

Raelene Blocker

Jeremy Floyd

Crae Wilson

Cheyla Mills

Jennifer Lance

Shalece Sanders

Meeting Minutes from previous meeting were motioned to approved by Jennifer Lance and seconded by Cheyla Mills.

Meeting was conducted by Raelene Blocker.

Time was turned to Mr. Wilson. Back to school curricular and extra curricular activities-Masks, for the most part, have been met with compliance. Some kick back and criticism has been met from the parents. There are extremes where concerns of not doing enough or doing too much concerning Covid policies. The high school admin and staff are doing everything in compliance with Weber/Morgan County Health Dpt guidelines. Students are doing well with state mandated covid policies and are positive, The masks seem to come down between switching classes, and this is not being monitored. Football games have been acceptable and compliant. Players and fans are social distancing and wearing masks. Admin is encouraging and endorsing masks, but there will be no force or stopping games if fans aren't compliant.

Policies for Students/Staff for Possible Covid Exposure-

Determine who the individual who was in contact with exposed individual will need to be quarantined and tested. If there are 5 or more in the group/class that contract the virus, then everyone in the class will be notified. The cases and handling of such are turned over to the health dept and they will determine further action.

A/C for Building

There have been concerns voiced from staff, students, and members of the community that the second and third floors are reaching high temps. The combination of the heat and masks has elevated concerns. The issue is cost: it would be \$2 million. This would be for the units and duct work in the older part of the school. MHS has capitol list and 10 year plan, which includes finishing the third floor, updating auditorium, etc. Mr.

Floyd expressed that we need to keep learning at the forefront of our focus. Crae expressed limitations as admin is teachers not expressing the needs of each classroom. Teachers can request fans and the purchasing of them if they so need and desire.

Elections for Comm Council

There are positions open for teachers and parents. Diana, Andrea and Jennifer have their terms ending. There are 4 positions open for parents. There have been 4 teachers who have applied this year. A recommendation was given on the process of allowing teachers to all have a turn, if interest is given. Mtn Green Elem school determine members by making sure each pod in the school is represented. Teachers take turns and rotate responsibility. Shana proposed that the staff do elections amongst each other. No new parents have currently applied for position. There was interest in re-election in some of our existing parent members.

Goals for Trustland Budget-presented by Mr. Wilson.

See attached forms provided by Mr. Wilson during the meeting.

Math Lab

Need for the math lab is determined by the teacher per individual student. Student's schedule will be adjusted if math lab is needed.

Essential Standards during Covid

There was a question of how the students were getting adequate instruction with shortened class room time. Teachers are determining how to cut down on unnecessary items in each classroom. They are working to be more efficient. They report seeing good results and have developed a system for sanitizing and starting on time for classes.

Teacher Student Success Act (TSSA)

Unanimous vote on the TSSA funding is not required. Mr. Wilson thought it would be beneficial to see the utilization and goals provided for the allocated funds.

Goals:

- 1) Budget of \$30,000 for IT Tech
- 2) Chrome Books/Laptops
- 3) Instructional Materials

CC acknowledged goals

Staff declined IT person. Gwen suggested sharing an IT person between schools. Mr. Floyd commented that there's a bottleneck in internet speed between classes d/t the high traffic of students using it. Everything is slow d/t an overload of online support.

Next meeting scheduled for Sept 22nd, 2020, at 6:30 AM.

Elections are Sept 14-17 for CC members. Votes can be cast in the office. An additional email will be sent to remind parents to vote.

Gwen motioned to adjourn, Shalece moved to second it.
