PRINCIPAL'S MESSAGE

Welcome Silo Rebels to the 2017-18 school year! We are again striving to provide your child/children with the best education possible. We have implemented the new Oklahoma Academic Standards. This is a critical time for education in Oklahoma as we are continually forced to “do more with less.” That is why it is so important for parents and teachers to work together to provide the best educational experience possible for each child. The staff at Silo Elementary will always strive to love and care about our students and do our very best to provide them with an excellent education every day. With that being said we are looking forward to an exciting year...Welcome back Little Rebels and parents!

Katie Brister, Principal

FOREWORD

The purpose of this handbook is to acquaint students and parents with necessary information of Silo Public Schools. However, it is not meant to be all encompassing or in any way supersede Silo School Board Policy.

ARRIVAL AND DISMISSAL TIMES

The school day for students begins at 8:10 a.m. Students will be considered tardy if they are not seated in their classroom by 8:15 a.m. The school day ends at 4:00 p.m. Please do not expect to pick up students before the 4:00 p.m. dismissal bell. **Parents are not to go to students' classrooms to pick them up. If weather is permissible we ask that parents wait outside of the building for the dismissal of classes. A school employee will escort your child to the door for pickup.**

Students who are not transported by bus to school are not to arrive at school before 7:30 a.m. When students arrive at school they should go directly to the cafeteria or classroom. Students are not to go to the playground before school.

It is to be understood by all parents that there is no supervision at the school before 7:30 a.m. or after 4:15 p.m. and we will not be held responsible for accidents that may occur.

NOTIFICATIONS

Your principal or teacher should know where to find you at all times in case of illness or accident. Please keep your child's teacher notified by note where you can be reached. Parents must provide the school with updated emergency phone numbers.

The school must be notified of any change of after school transportation for your child by note or phone call. The phone call must be received in the office before **2:30 p.m.** If we do not receive a note or call they will proceed with regular transportation arrangements. Students will not be allowed to go home with anyone, including friends, except those specified in the enrollment papers unless there is a note or phone call from the student's parent/guardian authorizing them to do so.

ADVERSE WEATHER

There may be times when school will be dismissed because of bad weather. At such times announcements of school dismissal will be broadcast on all local Durant radio stations (KSEO, KLBC, KLAK) and TV stations (KTEN and KXII). There will also be notifications through the automated calling system and via Facebook.

CODE OF CONDUCT

Each Silo Public School student is personally responsible as a citizen of the school community to maintain a safe and positive learning climate by:

- Act like a lady and a gentleman.
- Being respectful to other students, school staff and visitors.
- Doing one's best in lessons and extra-curricular activities.
- Using self-control at school and at all school activities.
- Respecting school property and using materials properly.
- Respecting the property of others.
- Using appropriate language.
- Being a good citizen at school and in the community.
- Following all school rules.

Parents are expected to support the code of conduct by reading the school handbook and discussing their expectations with their child, by contacting the school when problems arise, and by working with school officials when disciplinary action is indicated.

PARENTAL RESPONSIBILITIES

A major factor relating to academic and social success of a student is parental involvement. Accordingly, parents should:

1. Assume the major responsibility for helping their child develop good habits of behavior, follow all rules and regulations set forth in the handbook, and observe classroom rules set forth by teachers.
2. Recognize and help their child understand that the teacher assumes the role of the parent while they are at school.
3. Monitor their child's schoolwork and homework to ensure student success. Parents have access to the online gradebook. **It is the parent's responsibility to stay aware of their child's grades.**
4. Teach their child respect for the property and rights of others.
5. Speak positively about the school and education in front of their child.
6. Assist their child to come to school well groomed and appropriately dressed accordingly to the school dress codes.
7. Send their child to school regularly and on time.
8. Notify the school promptly if their child is absent or tardy.
9. Provide necessary school supplies for their child to be able to perform classroom work.
10. Discuss daily work assignments and report cards with their child in a constructive manner.
11. Keep in close contact with teachers, administrators or other school personnel to ensure good communication and student success. Please schedule an appointment with your child's teacher at designated times as they are unavailable during instructional hours.
12. Attend parent conferences, class scheduling conferences, and as many school activities as possible.
13. Please do not phone your child during school hours unless there is an emergency.
14. Your child is not to bring dangerous or distracting articles to school such as guns, knives, fireworks, waterguns, toys, radios, jewelry, skateboards, or trading cards of any kind.
15. Place names on all articles of outer clothing—coats, gloves, hats, caps, sweaters, raincoats etc.
16. The school maintains a lost and found department. Please feel free to investigate if your child loses or misplaces something.

PARENT AND TEACHER CONFERENCES

Regularly scheduled conferences are held at times during the school year. Parents are encouraged to visit the school at any time to discuss their child's progress. If school is in session, please call in advance and arrange a time with the teacher or principal. Parents may also request a conference during the teachers planning period. Parental involvement is needed and wanted in the educational program of each child.

VISITORS ON CAMPUS

Students who wish to invite a visitor to the school (other than a parent or guardian) must obtain special permission from the principal in advance. Parents are encouraged to visit the school at any time. Visitations and conferences should be arranged in advance with the principal or teacher. Parents must check in with the elementary office and receive a visitor badge before visiting a classroom.

ATTENDANCE

To receive the maximum benefit from classroom and instruction participation, it is important that a child report to school each day. It is the responsibility of the parent to notify the school by 9:15 a.m. if a child is to be absent. Students will only receive excused absences when the following documentation is provided: doctor's note, obituary, or school sponsored extra-curricular activity. Extended absences will be handled on an individual basis. In accordance with the policy of the Board of Education, each student is required to attend each class a minimum of 90% of the time in order to receive credit for that class. **Students who have 8 or more unexcused absences will automatically fail.** It is equally important your child remain in school for the full school day. **Please refrain from early pick-up. Classroom instruction does not end until the dismissal bell rings.**

Definition of Tardy: A student is tardy if not in the classroom when the tardy bell rings. A student who is more than fifteen (15) minutes late for class shall receive an absence for that class that day. All work assigned during that period will be due as assigned. **3 Tardies will result in 1 Absence. Tardiness to class is a disruption to the educational process and must be taken seriously.** Disciplinary action is determined at the discretion of the teacher and administrator and may include any alternative available.

ATTENDANCE LAWS AND REGULATIONS

Oklahoma State Law: It shall be unlawful for a parent, guardian, custodian or other persons having control of a child who is over the age of five (5) years, unless such child has been screened as provided for in Section 1201.2 82 of this title and such child is determined not to be ready for kindergarten, and under the age of eighteen (18) years and who has not finished four years of high school work, to neglect or refuse to cause or compel such child to attend and comply with the rules of some public, private or other school, unless other means of education are provided for the full term the schools of the district are in session. (Note: The county district attorney will be notified in case of chronic absence.)

PENALTIES OF LAW FOR NONATTENDANCE

GRADING PRACTICES

Grades are recorded and reported on a nine-week cycle. Progress reports will be sent home the 1st Friday of each month. Parents are encouraged to check on their child's progress at any time and schedule an appointment with the teacher or attend parent/teacher conferences. Student grades can also be accessed through the Parent Portal located on the Silo Webpage.

Classes at Silo Public Schools shall use the following grading scale:

90 – 100 = A 80 – 89 = B 70 – 79 = C 60 – 69 = D 0 – 59 = F

Incomplete Grades: Any student not completing all of the requirements by the time the semester ends may receive an incomplete (I). The student shall be allowed the first ten school days of the next grading period to complete the requirements. If the “I” occurs in the last semester, then the student shall only have 6 weeks to complete the requirements. If the student does not complete the work within the allowed time, the student shall be given a zero for the uncompleted work.

HOMEWORK

Homework is an important part of the education of any child. It is not apart from, but an important part of, the instruction the child receives in the classroom. Homework and in-class assignments are designed to teach or reinforce the desired skills we want the child to possess. Much time is also allowed in class for independent work. In doing homework and in-class assignments, it is important that the child learn the skill of managing their time and energy and take responsibility for their education. It is very effective when parents and teacher work together in this matter. Students working together on homework should remember that the teacher may not accept turning in papers with the same written material. Working together is fine but learn to express yourself independently in your answers.

PROMOTION

In grades 4-5, each student is expected to pass three of the five core subjects (math, reading, science, social studies, and language arts). A student cannot be promoted if they fail both math and reading subjects. Students will be required to receive remediation in coursework failed.

FAILURE AND RETENTION

According to HB 1056, effective July 1995, a parent who disagrees with a teacher’s and/or principal’s recommendation to retain a student, must go through a formalized district process in which the parent signs a Retention Form stating that they reject the teacher/principal’s recommendation of retention and that the parent assumes full responsibility for their child’s education.

PROFICIENCY BASED PROMOTION

Proficiency Based Promotion tests will be offered upon written request. The student must have principal approval. The student must score a ninety percent or better to receive credit.

HONOR ROLL

Students shall be selected for the Superintendent's Honor Roll for each grading period in which they achieve a grade of not less than an "A" in any class. Students who achieve no less than a "B" in any class shall be named to the Principal's Honor Roll.

STUDENT OF THE MONTH

The criteria for student of the month is based upon the following:

1. Attitude
2. School Spirit
3. Leadership
4. Personality
5. Attendance
6. Scholarship

Students selected as Student of the Month will be rewarded with a monthly trip.

BEHAVIORAL STANDARDS

The Board of Education also recognizes that students maintain rights of citizenship while in the Silo Public Schools. Those who enjoy the rights and privileges of a free public education must also accept the responsibilities that inclusion in a school community demands. The presence of a safe and orderly school environment is closely linked in school research to the accomplishment of high academic achievement in students. The establishment of a safe and orderly school environment requires that a clear standard of behavior be established. This standard then permits adults to teach clear and unequivocal lessons to students regarding responsibility and self-control. It also gives students a clear expectation of their limits in the school and community setting. The behavioral standards listed below are the basis for the Silo Public Schools disciplinary code. The Board of Education encourages adults and students to become familiar with the behavioral standards and to discuss the importance of such standards in school and community life.

Clear Behavioral Standards:

- No Violence
- No disrespect, physically or verbally
- No drugs
- No bullying
- No conduct which jeopardizes the safety of others
- No blaming others for one's own mistakes

- Be attentive to the best of your ability
- Be responsible for your participation
- Respect rights and property of others
- Respect yourself
- Demonstrate moderation and pride in dress and appearance
- Use self-control at all times
- Strive for responsible ethical use of resources

All monies collected are recorded by the school bookkeeper and paid to the proper fund for replacement purposes. Monies collected for lost textbooks, library books, and athletic uniforms will be refunded if the item is found. STUDENT DRESS CODE

Good grooming promotes pride and good behavior and is a very important part of the general training of young people. The training is a cooperative effort of the school, parents and students. The intent of the student dress code is to restrict extremes and indecency, which would interfere with the District's educational mission or threaten the safety of students. The hallmark of the exercise of disciplinary action shall be fairness. The foundation of a dress code is to provide appropriate standards for student appearance and to assist in maintaining student behavior, which is conducive to the learning environment. The building administrator shall have the authority to determine the appropriateness of any attire not specified below. In making such determination, the administrator shall consider whether the clothing, hairstyle, and/or accessory presents a safety hazard, is revealing, or disrupts the teaching and/or learning or has a factual and substantial history of creating such disruptions. The following rules are examples of dress and personal appearance that are expected at Silo Independent Schools and are not to be inclusive of all rules. If you have any questions you should visit with the principal before attempting to dress in an inappropriate manner. The dress code is in effect at all times during the regular school day and at all school activities outside the regular school hours. This extends to all activities involving Silo School's off campus and summer activities.

The following dress code for Silo students has been adopted by the Silo Board of Education:

1. All clothing must be a respectable length.
 - A. Dresses, pants and shorts: The length of a skirt, dress, or pants shall be long enough not to be conspicuous or indecent and should be of sufficient length that they extend past the middle finger with the arms and hands fully extended and the should in a relaxed or normal position.
 - B. Tank tops, midriff, net shirts, backless shirts and spaghetti-type shirts are not to be worn to school. Tank tops may be defined as any collarless, sleeveless shirt. However, collarless and sleeveless shirts or blouses may be worn so long as the material covering the top of the shoulder is of sufficient width that it extends from

the end of the shoulder to the neck.

2. No T-shirts may be worn with questionable advertising or statements printed on them which are in bad taste.
3. Pants must fit properly and be pulled up the waist. Pants shall not drag the floor nor should underpants be visible at the top the pants.
4. Hats are not to be worn in any building.
5. Specifically, no clothing shall be worn that displays profanity or sexual suggestion.
6. Rings and studs shall be worn in the ear only. **NO FACIAL PIERCINGS.**
7. **There shall be no bizarre or unnatural coloring of hair or hair cuts or styles.**
8. Chains shall not be a part of daily dress either as decoration or to hold up pants.
9. No excessively tattered or torn clothing.
10. Excessively low cut or revealing shirts or blouses should not be worn.
11. Male students shall wear no make up or any description.
12. Holes above the knees shall not be tolerated.

It shall be at the discretion of the principal or his appointee whether a student's clothing is in compliance with the dress code.

ENFORCEMENT OF DRESS CODE

Students should remember that the code promotes neatness, cleanliness, and general good grooming and discourages indecency, poor taste and extremes in dress and grooming. Following these guidelines shall eliminate the necessity of correcting students for improper dress. Provisions of the dress code are applicable to the school day and to school-related activities. Failure to comply with the student dress code shall result in removal from class until the situation is resolved.

At the time the student is disciplined for violating the dress code, the student must correct the dress code violation in order to attend class. The student may be able to change clothes at school, or have a change of clothes brought to the school. If the dress code violation cannot be corrected in this manner, the student shall be required to attend school in ISD for the remainder of the school day.

DISCIPLINE

It is the intent of the faculty and administration of the district to educate our students in such a way as to develop well-rounded, responsible citizens. The practice of using disciplinary techniques is aimed at achieving that goal. All methods work better when all parties involved work together.

Our aim in teaching discipline is to make the students more responsible for their own behavior. It is our goal to produce students who can practice self-discipline. It is a key to good citizenship and success in life. **The principal may deviate from any scheduled consequences at his or her discretion.**

AUTHORITY OF THE TEACHER

According to Oklahoma state law (Oklahoma School Code, Article VI, Section 95), the teacher of a child attending a public school shall have the same right as a parent to control and discipline such child during the time the child is in attendance or in transit to the school or classroom presided over by the teacher. The same control applies to an extracurricular school activity.

SCHOOL BULLYING ACT

The Oklahoma Legislature established the *School Bullying Prevention Act* with the express intent of prohibiting peer student harassment, intimidation, and bullying. These terms include, but are not limited to any gesture, written or verbal expression, or physical act that a reasonable person should recognize will:

4. Insult or demean any student or group of students in such a way as to disrupt or interfere with the school district's education mission of the student or other students.

Silo Elementary has a "No Tolerance" bullying policy.

BUS BEHAVIOR

- A. The School Laws of the State of Oklahoma stipulate that transportation by bus **may be** furnished by the school district but that the **district is not required** to do so. Therefore, by law, it is a **privilege** to ride a school bus and **not a right** to such transportation.
- B. Bus transportation is provided for students enrolled in the Silo Independent School as follows:
1. For students residing at a distance greater than one and one-half miles from the school of record.
 2. For any other purposes designated as being of benefit to the total of the school and as approved by the principal/superintendent.
- C. Silo School's Rules and Regulations for School Bus Riders.
1. The principal/superintendent is responsible for the establishment of bus routes and the designations of bus stops. Bus stops will be established during the first week of the school year.
 2. Violations of rules and regulations contained herein may result in the loss of riding privileges in addition to other disciplinary action.
 3. Rules and regulations for bus riders are as follows:
 - a. Elementary students must sit towards the front of the bus. Fourth graders and below

may not sit behind the wheel well unless assigned by the driver. Take a seat and remain seated while the bus is in motion. Sit only in assigned seats, if seat assignments are made.

- b. Assist in keeping the bus clean. Clean your feet before entering the bus. Leave no books, lunches, or other articles on the bus.
 - c. Treat all bus equipment as you would valuable furniture in your own home, or your own car. Never tamper with bus equipment.
 - d. Keep the aisles clear of books, athletic equipment, and other objects.
 - e. Avoid loud talking, laughing, or unnecessary confusion that diverts driver's attention. Do not talk to the bus driver when the bus is in motion unless it is absolutely necessary to do so.
 - f. Do not extend hands, arms, head, or any other part of the body out of the window.
 - g. Do not eat or bring food on the bus.
 - h. Large objects or objects which block the view of the driver will not be brought on to the bus. **Balloons are not allowed on the bus.**
 - i. Do not smoke on the buses.
 - j. Do not bring alcohol or other illegal substances on the buses nor attempt to board the bus if you are under the influence of alcohol or controlled substances.
 - k. Do not use profane or obscene language on the bus.
 - l. Do not try to bring animals or other pets on the bus.
 - m. Do not ask the driver to discharge riders at places other than the regular bus stop.
 - n. The bus will not stop for students who have not ridden the bus for 3 consecutive days without parental notification to the school. The parent or guardian will need to contact the school to resume bus service once it has discontinued.
4. Safety guidelines for students.
- a. Walk on the left side of the street facing traffic between home and the school bus stop.
 - b. Be on time at the bus stop. Plan to arrive not more than five minutes before the scheduled pick-up time. The students should help in keeping the bus on schedule.
 - c. Be on time at the designated departure place from the school at the end of the day. Being on board the bus at the time of the scheduled departure is a student responsibility.
 - d. Stay out of the street while waiting for the bus. Wait in the area alongside the curb. Do not attempt to ride any bus other than the one to which assigned. Do not attempt to board the bus at other regular bus stops.
 - e. Show proper respect for private property such as lawns, shrubs, trees, etc. Stay out of garages and off porches. Property owners are extending to students the use of their corner or driveway. Any abuses may result in the moving of the bus stop.
 - f. Look both ways if it is necessary to cross the street after getting off the bus. Cross at least ten feet in FRONT of the bus. Be on the alert for danger signals from the driver.
 - g. The driver of the bus has a very important role in connection with student behavior on the bus. The driver is in complete charge of the bus and the students on the bus. Pupils must obey the driver promptly. Students must be informed that:
 - (1) The privilege of pupils to ride the bus is conditioned on their good behavior and observances of all bus rules and regulations. Drivers are authorized to enforce these rules. Should any student violate any of these rules, it shall be the duty of the driver to refer such disobedience to the respective principal/transportation director for the

proper disciplinary action.

(2) The principal/transportation director will determine necessary disciplinary action, and if the student is to be suspended from riding the bus for a period of time, proper notification will be given to parents of the student.

(3) A driver will not remove a student from the bus for violation of bus rules and regulations at any point other than the school or student's regular bus stop.

The student bus rider has an important role in bus behavior. The good student will inform himself/herself of all rules and regulations pertaining to riding a bus and will strive to obey them. He will encourage his fellow students to do likewise. Students are well aware that most injuries on the buses are caused by carelessness or student horseplay. They should be safety conscious while they are bus riders. Students who obey the rules are very much the good citizens and are commended for their behavior.

It is sincerely hoped that parents will recognize that these rules and regulations are for the safety and well-being of all students riding the buses and that they will actively assist in enforcing them as well as being in support of the school as the bus program is administered.

SUSPENSION OF STUDENTS (REGULATION)

The authority to suspend a student from a school district is delegated to the respective principal.

1. Any student may be suspended for acts of immorality, violations of policy or regulations, or for any act, which disrupts the academic atmosphere of the school, endangers or threatens fellow students, teachers, or officials, or damages property. Any student who has been adjudicated as a delinquent for a violent or non-violent offense may be suspended.
2. A full suspension shall not extend beyond the present semester and the succeeding semester except for violations of the Gun-Free Schools Act which provides suspensions for up to one calendar year or longer.
3. Except under circumstances, which require the immediate removal of a student or students, the parent(s) or legal guardian(s) shall be informed before a student is released from school.
4. Any student who has been adjudicated as a delinquent for a violent offense or non-violent offense and has been removed from a public or private school in this state or any other state for such at, shall not be enrolled in the district unit such time as that student no longer poses a threat to self, other students, or faculty.
5. Procedural steps in suspension:

Before a student is suspended from school, the principal of that school shall consider and apply, if appropriate, alternative in-school placement options that are not to be considered suspensions. Such placements can include an alternative school setting, reassignment to

another classroom, or in-school detention. If such alternate placement is rejected, written justification must be placed in the student's permanent record.

A. Probation. A student may be placed on probation with or without additional disciplinary action. If that principal as a suitable alternative to suspension elects probation, both the student and the parent(s) shall be notified of the probation and the reasons therefore.

B. In-school placement is an alternative to out-of-school suspension. The student's principal shall impose in-school placement, and the student shall be placed in a supervised, structured environment. This placement shall not be considered suspension and may include an alternative school setting, reassignment to another classroom, or in-school detention. Both the student and the parent(s) shall be notified of the placement, the reasons therefore, and the right to appeal the placement to the suspension committee.

C. Out-of-school suspension. A student may be suspended from school for the remainder of the current semester and the entirety of the succeeding semester. If out-of-school suspension is prescribed, the building principal must justify in writing why In-School Detention placement was not appropriate. Both the student and the parent(s) shall be notified of the suspension, the grounds therefore, and the right to appeal the suspension to the Board of Education. A student suspended out-of-school shall be placed in a supervised, structured environment in either a home-based school work assignment setting or another appropriate setting in accordance with a plan prescribed by the school administration that provides education to and monitoring of the student.

6. Appellate procedures. Any student who has been suspended under the steps listed above, or the parent(s), may appeal the suspension to the suspension committee, if the period of suspension or the notice of the intent to suspend of their intent to appeal the suspension.

A. The student, or the student's parent(s), shall notify the superintendent as soon as possible following the suspension or the notice of the intent to suspend of their intent to appeal the suspension.

B. Upon receiving notice of a student's or parent(s)' intent of appeal, the superintendent shall advise the suspension committee (short term) of the president of the Board of Education (long term). The appeal shall be heard within ten days from the date the notice of intent is filed with the superintendent. The superintendent, at his/her discretion, may permit the suspended student to attend classes pending the outcome of the appeal.

C. During the hearing of the appeal, the student may be represented by legal counsel or other adult representative; may examine witnesses on his/her own behalf; cross examine opposing witnesses, and offer other evidence in the student's behalf including his/her own testimony.

D. The suspension committee (short term) or the Board of Education (long term) shall uphold the suspension, modify the terms of the suspension, or overrule the suspension. The student and the student's parent(s) shall be notified within five school days of a decision.

E. Decisions of the suspension committee may be appealed to the Board Of Education.

7. Appeal for reinstatement. Students, who have been suspended for the remainder of a semester, or more, may petition the superintendent for reinstatement. The superintendent may, in his/her discretion, schedule an informal hearing with the concerned principal. At the hearing, the student may present evidence of attitude or behavior modification, which would support reinstatement. The superintendent and the principal may reinstate the student or deny reinstatement and submit a written report of the informal hearing to the Board of Education. The board shall take whatever action it desires appropriate.

8. A suspension appeals committee is hereby established which would consist of administrators or teachers or a combination of administrators and teachers. The members of the committee shall be appointed by the superintendent and may include the superintendent.

Students serving a suspension will not be allowed to attend school activities or be on school property during the time of the suspension except to pick up assignments or return work.

DUE PROCESS AND RIGHT TO APPEAL

To maintain the orderly administration of the school, infractions of school rules may be handled in a summary fashion. In each case, the student should be told of the infraction of which he/she is accused. Faculty members should be certain of the guilt of a student before subjecting the student to disciplinary action. The penalty given should be commensurate to the discipline code. Students may appeal decisions in disciplinary matters to the principal.

If a hearing has been held with the principal and the result of the hearing is not satisfactory, the student is entitled to a hearing before the superintendent. If the student desires a hearing with the superintendent, he/she is to advise the principal in writing no later than five (5) days from the date of the hearing with the principal, and the student will be promptly advised as to when the hearing with the superintendent will be held. The decision of the superintendent will be final.

STUDENT DISCIPLINE (OUT-OF-SCHOOL ACTIONS)

The Board of Education recognizes that out-of-school conduct of students attending school within this district is not normally a concern of the board. However, the board believes that disciplinary action for conduct occurring off the school property and not involving a school activity is proper if the conduct has an adverse effect upon the school.

Therefore, it is the policy of the board that any student attending school within this district shall be subject to disciplinary action including, but not limited to, suspension from school for any conduct, which, in the opinion of the school administrators, has an adverse impact upon the school.

1. Damaging school property, e.g. a school bus;
2. Engaging in activity, which causes physical or emotional harm to other students, teachers, or other school personnel;
3. Engaging in activity, which directly impedes discipline at school or the general welfare of school activities.

CORPORAL PUNISHMENT

1. Corporal punishment may be used by public schools as authorized by Oklahoma Statutes whenever a teacher or administrator determines that such action is necessary to enforce school discipline. Corporal punishment may be administered only by teachers or principals in the presence of another certified employee.
2. In the event that corporal punishment is to be administered to a student, the student shall be removed from the class to a place of privacy and informed of the reason for the imposition of corporal punishment. The explanation as well as the administration of corporal punishment shall take place in front of a certified employee. In addition, a record of the administration of the corporal punishment shall be made and signed by the person administering the punishment and the witness.
3. Any parent who does not wish corporal punishment to be administered to his/her child or children should notify the principal of that school in writing annually, and that request shall be

honored.

If parents do not wish corporal punishment, then the student may receive a three day suspension.

DISCIPLINE SUMMARY

Nothing in this policy will restrict the administrator or teacher from having the same right of control and discipline as that held by the parent in accordance with the laws of the State of Oklahoma. Nothing in this policy will be construed to deny the student's right to fair and orderly hearings, appeals, counsel, and due process in cases which may end in suspension.

This policy will be interpreted by the principals and their designees in a manner, which they deem just, given the circumstances of the individual case. Additionally, administrators will have the authority to enforce other reasonable disciplinary action, which they find warranted by situations not covered in the disciplinary action alternatives.

IMMUNIZATION OF STUDENTS

Oklahoma State Law requires the immunization against certain diseases of all children attending public schools. Title 70, Section 11210.191, Oklahoma Statutes, 1970: "Rules and Regulations for Immunization for School Children," as amended June, 1976, governs school-admission immunizations requirements. This law requires that parents or guardians of all minor children in grades kindergarten through the twelfth for all public, parochial, or private schools in the state of Oklahoma, to present a certificate of required immunizations upon school entry. All minor children applying for admission to any Oklahoma school, who have not completed the required immunizations, must be informed of the necessary requirements and complete those requirements before entering school.

It is the duty of school authorities to enforce this law by admitting only those students who have completed all immunizations required. Students must be adequately immunized before enrolling in school. There is no grace period. Students must meet one of these three criteria before enrolling:

Criterion One: Have had all vaccinations indicated in the following chart.

Criterion Two: In the process of being immunized (must be substantiated by record of proof).

Criterion Three: Certification of exemption (See exemptions below.)

Students shall be denied enrollment if these regulations are not met.

Guide to Immunization Requirements in Oklahoma: 2017-18 School Year

All children two months of age and older must present an immunization record or file for an exemption before they are allowed to attend childcare or school in Oklahoma. Please read the bullets below for essential information.

VACCINES	CHILDCARE	PRE-SCHOOL	KG-6th	7th - 12th

	Total doses		Total doses	
DTaP (diphtheria, tetanus, pertussis)		4 DTaP	5 DTaP*	One-time Tdap booster
PCV (pneumococcal conjugate vaccine)	1-4 PCV◆	PCV is required for children in child care only.		No additional doses are required once a child has completed the required number of doses. If a child or student has not completed all of the required doses by the time they enter pre-school, kindergarten, or any grade above kindergarten, the doses must be completed on schedule.

Varicella (chickenpox)		1 Varicella (2 nd dose recommended at KG entry)		

- ★ If the 4th dose of DTaP is administered on or after the child's 4th birthday, then the 5th dose DTaP is not required.
 - ◆ The number of doses of PCV and/or Hib may range from 1 to 4 depending on the age of the child when the first dose was given.
 - ◀ If the 3rd dose of IPV/OPV is administered on or after the child's 4th birthday and at least six months from the previous dose, then the 4th dose of IPV/OPV is not required.
 - Children may be complete with 3 or 4 doses of Hib vaccine depending on the brand of vaccine used.
 - Students 11 through 15 years of age who have not received HepB vaccine may receive a 2 dose series of Merck® Adult Hepatitis B vaccine to comply with this requirement. All other children (younger or older) must receive 3 doses of pediatric hepatitis B vaccine.
 - The table above lists the vaccines that are required for children to attend childcare, preschool, and kindergarten through twelfth grade in Oklahoma. Additional vaccines may be recommended, but are not required. For example, a 2nd dose of varicella vaccine is recommended before entering kindergarten, but not required by Oklahoma law.
 - Children attending licensed childcare facilities must be up-to-date for their age for the vaccines listed in the "Childcare" column. Refer to this web page for information on when doses are due for children attending childcare: http://www.ok.gov/health/Disease_Prevention_Preparedness/Immunizations/Vaccines_for_Childcare/index.html.
 - Hib and PCV vaccines are not required for students in pre-school, pre-kindergarten, or kindergarten programs operated by schools unless the facility is a licensed child care facility. Hib and PCV vaccines are required for children attending licensed child care facilities.
 - Doses administered 4 days or less, before the minimum intervals or ages, are counted as valid doses.
 - The first doses of measles, mumps and rubella (MMR), varicella, and hepatitis A vaccines must be administered on or after the child's first birthday (or within 4 days before the birthday) or they must be repeated.
 - For doses given on or after Jan. 1, 2003, the 5th dose of DTaP must be given on or after the 4th birthday (or within 4 days before the 4th birthday). This rule does not apply to doses given before 2003.
 - If a parent reports that their child had chickenpox disease, the child is not required to receive varicella vaccine. Record that the child had the disease.
 - It is not necessary to restart the series of any vaccine if a dose was given late or if a dose is past due. Longer than recommended intervals between doses do not affect final immunity.
 - Children may be allowed to attend childcare and school if they have received at least one dose of all the required vaccines due for their age or grade and the next doses are not yet due, but they must complete the remaining doses of vaccine on schedule. These children are "in the process" of receiving immunizations.

HEAD LICE POLICY

Silo Public Schools will adhere to a "No Nit Policy" which constitutes the most objective means of head lice control. It eliminates time spent trying to determine whether nits are viable. Any student found to have head lice/nits upon examination will be sent home. The parents will be notified to pick up student(s) and begin treatment immediately. Educational material on lice and nit removal will be provided. For readmission to school the student is expected to return to school the following day accompanied by the parent until reexamination of the student is completed and student(s) is found to be without lice/nits. The student is not to ride the bus but must be accompanied back to school by a parent for reexamination. If live lice remain and significant improvements are not made the student will return home. In certain cases the school nurse may refer the parent and student(s) to the county health department or to the family's physician/medical provider. For extended periods of exclusion from school a note from the county health department or the child's medical provider will be necessary to reenter school. THE ULTIMATE RESPONSIBILITY FOR HEAD LICE TREATMENT AND CONTROL LIES WITH THE PARENT.

RESIDENCY POLICY

New Student Enrollment

Students enrolling in any Silo Independent School instructional facility will be required to provide two verified proofs of residency. The parent will be asked to provide a current utility billing and a lease agreement, contract on a home, warranty deed statement, ad valorem tax statement, or mortgage statement. The school will accept a current gas, electric, or water and sewer billing. Telephone and television cable billings will not be accepted. If a utility billing is not available the school will accept a statement from the utility company that services have been established. The letter must be on letterhead and signed by an appropriate official.

Parents moving into the Silo district from another school district must establish their residence by Labor Day. The intent to build a home or being in the process of building a home within the Silo Independent School district does not constitute legal residency.

Parents moving from one school district to another for the sole purpose of having their children attend school and who do not move into the district to reside permanently but only while school is in session, do not establish legal residency in the district. Parents who provide lease agreements as proof of residence and then move out of the school district prior to the end of the first semester are not considered to have established a legal residence and therefore the student is not entitled to continue attending a Silo School and will be withdrawn.

Verification of Residency

Parents whose children will be attending Silo Schools for the next school year will be asked to verify existing enrollment information and to provide a current utility billing. This will become an established procedure and will be required for students in grades K-12. Verification of residency must be provided each school year.

This procedure will be conducted during the summer. Elementary schools will continue to coordinate the effort with pre-enrollment of classes for the next year. The process will not affect the enrollment of any child for the current school year but could affect their enrollment status for the following year. Parents/ legal guardians will be asked to sign a document stating they have verified their address to be a legal residence within the Silo Independent Schools, the information provided is accurate and verifiable, and they are the legal guardian of the child. The document will inform parents that if the legal residence of the student is determined to be in another school district the nonresident student will be withdrawn and the parent/legal guardian will be assessed the appropriate tuition fees based on the number of days the nonresident student was enrolled. If the student later becomes a legal resident of the Silo district, all tuition fees assessed must be paid before the student will be allowed to attend school. The tuition fee will be equal to the per capita cost of education for a similar period of such district during the preceding year.

Residence Affidavit

Parents who cannot provide the necessary information to verify their address because they are residing with a friend on a temporary or permanent basis will be required to complete a residence affidavit. The forms will be available at the school site and require both the homeowner/ resident and the parent of the student to be present and each must provide a valid driver's license. The homeowner/resident must provide the two proofs of residence as required for the new students. The student's parent/ legal guardian will be expected to provide a final utility statement from their previous residence and documentation that the residence has been

sold or that the lease has expired. The residence affidavit, once verified by school officials, will allow the student to attend schools for 30 calendar days at which time the parent/legal guardian must provide additional verifiable documentation that a permanent residence has been established with the Silo School district or documentation that the temporary residence has been established as the student's permanent residence.

Parents will be asked to complete a questionnaire that accompanies the residence affidavit form. The information provided will assist school officials in determining the validity of the residence affidavit. Completion of this form and enrollment of the student does not constitute a permanent legal residence and parents who later establish a residence outside the Silo district will be expected to enroll their child in the school district in which they reside.

The child will not be enrolled until all necessary documentation has been provided and verified.

Building administrators will be responsible for initiating the 30 day follow-up on all residence affidavits.

Legal Guardianship

The Silo Independent Schools will enroll students who are deemed to be legal residents of the district. In order to establish the legal residency of a child for school attendance the student must be residing in the district with his/her appointed legal guardian. The student must be living with the court appointed legal guardian, full time, as a permanent resident, or with a guardian who can provide verifiable documentation that they are contributing to "substantial degree" to the support of the child.

If a divorce has been granted, the decree will state which parent has legal custody. If the decree awards joint custody and each parent contribute in "substantial degree" to the child's support while they have custody, then the residence in which the child resides on a regular basis determines the legal residency of the child for school attendance.

In order to determine legal guardianship, the parent/legal guardian may be asked to provide a copy of the divorce decree indicating which parent has custody. When the issue of whether a parent or legal guardian is contributing to a "substantial degree" to the support of the child, health insurance coverage forms and IRS end of the year tax statements from the previous calendar year will be requested.

STUDENT DUE PROCESS

In cases of dispute of residency, the student/legal guardian shall be afforded due process by the board of education. A student who has been denied enrollment by the Silo Independent Schools has the right to submit his/her written appeal to the superintendent of school within ten (10) days after enrollment has been denied. Upon receipt of the request for appeal, an investigation will be conducted by the superintendent and/ or the superintendent's representative. The appeal shall be heard by the board of education within twenty (20) days from the date the written appeal is received by the superintendent. The decision of the board of education shall be final.

HOMEBOUND PROGRAM

Students with extended illness, injury, or other justifiable reason causing excessive absence must make arrangements with the building principal for a Home Bound Program or other agreeable measures. Such programs require recommendation by a physician and the

student will be counted in attendance.

SILO ONLINE PROGRAM

DRUG AND ALCOHOL POLICY

The Silo School District supports a policy of no tolerance of students involved in the possession, use, delivery, transfer, or sales of alcoholic beverages or controlled substances or prohibited substances while in school or at school sponsored events.

Prohibited substances are described as follows

- A. Alcohol or any alcoholic beverage.
- B. Any controlled substance or dangerous drug as defined by state law or as defined by Section 812, Schedules I-V, of Title 21, United States Code, Section 801: including, but not limited to marijuana, any narcotic drug, any hallucinogen, any stimulant, or any depressant.
- C. Any prescription or non-prescription drug, medicine, vitamin or other chemical, including, but not limited to aspirin, other pain relievers, stimulants, diet pills, cough medicines and syrups, cold medicines, laxatives, stomach or digestive remedies, depressants and sleeping pills not taken in accordance with the authorized use policy.

If a teacher, aide, other school employee, or a student of the Silo Independent School suspects any student of being under the influence of, or possessing alcohol or a controlled substance, that person shall notify the principal immediately.

The principal acting on the grounds of "reasonable suspicion" may in the presence of a witness, search the student, the student's locker, and personal property including book bags and automobiles.

If the principal determines that the student is under the influence of alcohol or a controlled

substance, or finds alcohol or controlled substances, including empty containers and residue, the following procedures will be followed:

1. Law enforcement may be contacted to come to the school to verify the symptoms of intoxication. Upon verification of school policy violation, Parents will be contacted and the student will be suspended for the remainder of the current semester plus the succeeding semester.
2. Because of the potential danger to the student presented by his/ her acute intoxication of alcohol or other drugs, students exhibiting evidence of acute intoxication, incapacitation, or a drug overdose while at school, or at a school sponsored event, will be transported immediately to the local hospital facility designated to provide detoxification services with immediate notification of parents and police. Following his/her return to school, Section 1 of this policy will be implemented.

The U.S. Supreme Court has ruled that under the Fourth Amendment to the U.S. Constitution, searches of students by school officials need not adhere to the strict standards of "probable cause" imposed upon law enforcement officers. Rather, the legality of searches will depend upon the "reasonableness" of the search in light of all the circumstances. There must be reasonable grounds to believe that the search will reveal a violation of school rules or produce evidence of unlawful activity. The states remain free to provide greater protection for students.

3. Any student suspected of selling or distributing any of the aforementioned substances will be suspended immediately for the remainder of the current semester as well as the next semester.

SEARCH AND SEIZURE

The superintendent, principal, or teacher, upon reasonable suspicion, may detain and search, or authorize the search of, any pupil or property in the possession of the pupil if the pupil is on any school premises or in transit under the authority of the school, or attending any function sponsored or authorized by the school. We are proud of our cafeteria facilities and encourage each of you to eat there as often as possible. We need your help in making it the kind of cafeteria each of us can be proud of. Let's all follow the suggestions listed below as ways of showing our appreciation to the cafeteria staff and custodians:

1. Go to the back of the serving line to wait your turn for a tray. It is unfair to others if you cut in line or ask someone to hold a place for you.
2. Walk at all times when in the cafeteria. Running is hazardous to those carrying trays of food.
3. Act courteously to those around you, whether in line or at the tables.
4. Remove all food, trays, napkins, milk cartons, and paper from the tables after eating.
5. Treat all cafeteria workers with respect.
6. No outside beverages, chips, candy, gum, etc., are allowed in the cafeteria. (Elementary)

If you think you might be eligible for free or reduced-cost lunches, please ask the office secretary for an eligibility form.

NOTIFICATION LETTER TO PARENTS, TEACHERS AND EMPLOYEES

Subject: Results of AHERA mandated asbestos inspection and management plan.
In accordance with federal law, Silo Public Schools, District I-001, Bryan County, Oklahoma, was inspected by licensed and accredited personnel for the presence of asbestos. There are two types of asbestos containing materials, friable and non-friable. Friable materials are those, which can be, crumbled by hand pressure, and therefore have a potential to release airborne fibers if the material is damaged or disturbed. Non-friable materials are hard, and therefore are incapable of releasing asbestos fibers, unless the materials are machined in some way.

The complete inspection report and asbestos management plan are available for review during normal business hours in the superintendent's office. We are pleased with the plan and continue to strive to provide a quality and safe environment for our students and faculty.
