

Dear Parents and Guardians.

Online enrollment, the Student Records Portal will begin soon!

- New parents to the district will need to "Request an Account" a guardian account. Please watch the attached video and click the link below and follow the prompts. Account requests may take 24-48 hours to create. You will receive further instructions from your school by email after you have requested a new account.

Note: Once your account is set up you will receive an Account Activation email. After you have activated the account, you will select the Student Records Portal Application and select "Add New Student." to begin enrolling your student.

- If you already have access to the Guardian Portal, please test your Guardian login information with the link below. When the online enrollment begins, Student Records Portal Application opens, please click the Student Records Portal Application and select "Add New Student." to begin enrolling your student. If you have additional students already enrolled at Harrah Public Schools, online enrollment will begin soon! Watch the Harrah Public Schools website for dates.
