

TITLE I
PARENT PARTICIPATION POLICY
EAST ELEMENTARY
2020-2021

This policy concerns the involvement and relationship between teachers, students, and parents. It has been adopted by East Elementary.

East Elementary parental involvement activities include, but are not limited to:

- Through Open House Night, every parent will be provided with information concerning Oklahoma Academic Standards, state and local assessments, and our schoolwide Title I participation. Parents unable to attend Open House Night will be presented this information through parent-teacher conferences and/or information on Schoology.
- Parent-Teacher conferences with classroom teachers will be scheduled according to the district's calendar for all students. Other conferences may be scheduled as needed. Conference times will provide guidance for parents in interpreting assessment results and monitoring their child's progress.
- The School-Parent-Student Compact will be presented before or during the first conference. Compact detail how teachers, parents, and students work together to maximize academic achievement and can guide discussion during conference time. The compact will be reviewed and updated at the annual site Title I meeting.
- Parents will be kept informed of school activities through newsletters, the school's website, classroom communication applications, the whole school communication application and Schoology.
- Schoolwide parent activities will be planned at various times throughout the year to involve parents in their child's education.
- Parents will be encouraged to volunteer in activities deemed appropriate at the site level.
- East Elementary will seek to provide reasonable support for parental involvement at a parent's request.
- East Elementary will distribute the Parent Participation Policy to parents of our students.
- The Parent Participation Policy will be reviewed and revised annually by the site's Title I Team with parent representation.
