To whom it concerns,

A volunteer group has been formed in the community that has planned activities throughout the school year. Please understand, the volunteer group is a separate entity from Ector ISD. Any activities planned or monies collected through fundraisers or other means within said volunteer group is not associated with Ector ISD.

While we absolutely encourage student activities, we want to make sure it is clear what activities are school-sponsored versus those that are volunteer-sponsored. Any activities that are school-sponsored will be communicated through our school website, Ector Facebook page or Eagle's Nest Newsletter.

We appreciate the community's support for the students of Ector ISD.
