### **ACCEPTABLE USE GUIDELINES FOR SKYWARD FAMILY ACCESS**

---

Access to Skyward Family Access is a privilege, not a right. Registered parent(s)/guardian(s) will have access to their child(ren)'s grades, attendance, discipline, vaccination records, schedule, demographic and family emergency contacts.

The parent(s)/guardian(s) access requires responsibility. To insure appropriate use, administrators and teachers may monitor log-on records. Parents and guardians will be held responsible for the proper use of the account, and the District may suspend or revoke access if rules are violated. (See Board Policy Manual CQ (LOCAL) online at [www.lcmcisd.org](http://www.lcmcisd.org) and follow the links: Admin > District Policies Online > Search CQ Local > Technology Resources)

Inappropriate use includes:

1. Using someone else's account or accessing another individual's records without permission.
2. Downloading or using copyrighted information without permission from the copyright holder.
3. Gaining or attempting to gain unauthorized access to restricted information or resources.
4. Any malicious attempt to harm or destroy District equipment or materials, data of another user of the District's system, or any of the other connected networks.
5. Deliberate attempts to degrade or disrupt system performance, including, but not limited to, uploading or creating of computer viruses.

Users of Family Access will be responsible for the security of their login and passwords. The District is not responsible for providing Internet service to parents and makes no warranties for the access it is providing. The District will not be responsible for the accuracy, nature, or quality of information or content accessible through Internet links nor will it be responsible for any use of or inability to use the systems.

Thank you for your interest.
