Is a free program and goes up to the High School level. The program consists of 4 lessons lasting 45 minutes each. Pam Tart will look into the program.

H. Other

III. Old Business

A. Sex Ed. Update

The presentation which was viewed in the Spring of 2019 and voted upon for presentation to students and parents has been altered. The “updated” presentation was viewed by the committee. A lengthy discussion ensued. In question were several of the graphic slides, the lack of an abstinence focus and the verbage used in the “bullets” on the slides. The committee also would like to hear the actual presentation from Ms. Repp. Mrs. Tunnell will ask Mrs. Repp to record her presentation to be viewed by the committee. Several members of the committee were not aware of the fact that Ms. Repp would not be presenting to the parents, rather, Mrs. Tunnell and Mrs. Flippen would use her powerpoint to make a presentation to the parents. The SHAC committee decided that if we vote for the presentation by Ms. Repp, the parents would view the recorded presentation by Ms. Repp. Opt out/in forms will be drafted by the SHAC committee and will be given to Dr. Cowley, Dr. Freeman and Dr. Bomar for approval. Pending SHAC approval, tentative dates for the presentation are December 16, 17 or 18, with the parent meeting being 1 week prior. Pam Tart suggested that included with the abstinence viewpoint, we stress that “even if you’ve had sex before, it is never too late to go back to abstinence”.

IV. New Business

A. Elect parent co-chair
   -postponed

B. Review/Update GISD Wellness Policy plan
   -Members were given the current Wellness Policy and Wellness plan and were asked to review the documents for the next meeting.

V. Other/Adjourn
