As we end the first quarter of this school year, I would like to thank all of our parents and patrons for their patience, flexibility, and support for the district. Our community and nation have all been through a difficult time period to say the least, with difficult decisions that had to be made, and inconveniences that had to be dealt with for all people involved in our district. Even with all the issues, we have been more than pleased and excited to see such great support at all our events. It means so much to our students to play, perform, and/or compete in front of a packed house of supporters. The Malvern Leopard community is a great place full of tremendous people! Again, thank you for your support of our kids!

Thank you to all the parents who were able to attend Parent/Teacher Conferences in person or electronically this past week! We were pleased at the number of parents who were able to be involved in the conferences this fall, and we are grateful for the partnership we have established with our parents over the years. This partnership is crucial to the development of each and every one of our students. As a part of this collaboration, the district encourages parents to contact with their teachers and building administration if you ever have questions or concerns. Thank you to all of our parents for being involved in your child's education!

I would also like to say congratulations to Mrs. Brenda Rush, Malvern School District Gifted/Talented Coordinator and AP Coordinator. She was selected by NEA Foundation of Global Learning Fellows to participate in an annual professional learning experience focused on educating and empowering students for global citizenship. Only 49 other school educators were selected to participate this year. The global professional development experience concludes with an all-expenses paid trip to South Africa. Congratulations again to Mrs. Rush! You can visit neafoundation.org for additional information about this program.

The September and October “Students of the Month” were recognized virtually at our regular scheduled board meetings this past month. Unfortunately, we are unable to take a group picture with our students as we normally do. However, a video was released via social media to the board members and public so our students could be recognized. Each of these students received a certificate of appreciation, a \$25 gift card to Walmart, and a Malvern Leopard gift bag. Congratulations to the following students!
